

Patrick Mensah

Founder, CEO & Chairman — KeyBS Pay

Building the financial infrastructure that empowers businesses to trade without borders.

EXECUTIVE BIOGRAPHY

Patrick Mensah is a fintech entrepreneur, investor and business strategist committed to building world-class financial infrastructure that enables businesses to operate, trade and grow without borders. As Founder, CEO & Chairman of KeyBS Pay, he leads the company's vision of transforming global payments through innovative technology, trusted financial services, AI-powered trust and international payment infrastructure.

With experience spanning fintech, treasury, international trade, digital finance, investment and strategic partnerships, Patrick is building an ecosystem that connects payments, finance, trust and trade under one platform — with a particular focus on removing the barriers that prevent businesses across Africa and emerging markets from accessing global financial opportunities.
